Official Statement from the Mayor of Compton

"The City of Compton's top priority is the safety, dignity, and well-being of everyone in our community. We understand that recent developments have caused fear, frustration, and uncertainty, but we urge everyone to remain peaceful. Violence and the destruction of property are not the solution.

I want to thank the Los Angeles County Sheriff's Department for its continued partnership with the City of Compton. We have been assured that LASD is not coordinating with ICE, and we appreciate their ongoing efforts to keep our city informed and focused on the safety of our residents.

At this time, the City is working closely with our community partners to provide resources and support to those in need. It is especially important for individuals and families to know their rights when it comes to immigration enforcement. We stand for the rights and dignity of every resident, regardless of background or immigration status."
