WELCOME

Welcome to the City of Compton's Recreation Department. The Compton City Council remains committed to investing in our youth and seniors by expanding recreational programs, improving facilities, and creating spaces that promote learning, wellness, and community engagement. Together, we are building a stronger foundation for all residents to thrive.

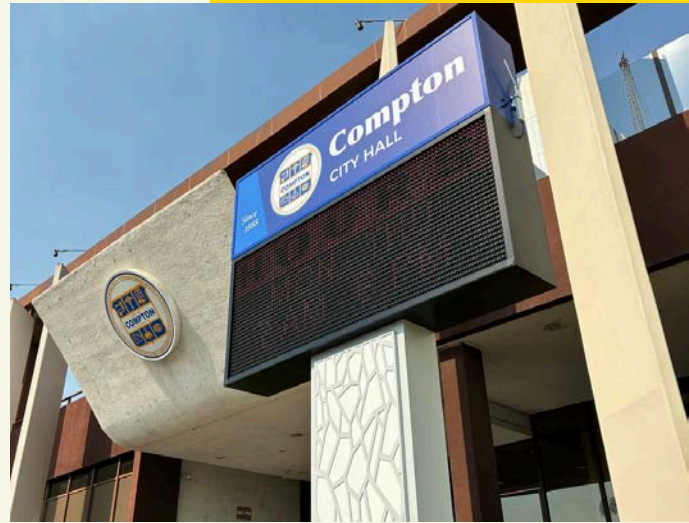

Our goal is to ensure children, families, and adults of all ages have access to safe and vibrant parks and recreational spaces. Parks are more than open areas, they are vital places where the community can come together, stay active, and enjoy the outdoors. Providing these opportunities supports healthier lifestyles, builds connections among neighbors, and creates lasting memories for generations to come.

Our new recreation program book offers a complete guide to what's coming up this fall and winter seasons, so you and your family can plan ahead and take part in all that Compton has to offer.

Compton is a great city to live, work, and play.
